

WHAT IS CLAIMED IS:

1. A cosmetic product comprising:
a foam core; and
at least one recess formed in the foam core, the at least one recess for surrounding and containing a cosmetic composition.
2. The cosmetic product of claim 1, wherein the cosmetic composition includes a cosmetic substance contained within a tray.
3. The cosmetic product of claim 1, wherein the cosmetic composition includes a cosmetic substance deposited directly in the at least one recess.
4. A cosmetic product, comprising:
a base formed at least partially of foam;
a cover formed at least partially of foam;
a hinge connecting the base and the cover; and
at least one recess formed in the base, the recess for surrounding and containing a cosmetic composition.
5. The cosmetic product of claim 4, further comprising a cosmetic composition contained in the at least one recess, the cosmetic composition including a cosmetic substance contained within a tray, such that edges of the at least one recess contact edges of the tray.
6. The cosmetic product of claim 4, further comprising a cosmetic composition contained in the at least one recess, the cosmetic composition including a cosmetic substance deposited directly in the at least one recess.

7. The cosmetic product of claim 4, wherein the hinge is formed at least partially of foam.

8. The cosmetic product of claim 4, wherein at least a portion of one of the base and the cover is covered with a material being chosen fabric, facsimile of fabric, animal skin, and imitation animal skin.

9. The cosmetic product of claim 4, wherein the material is Lycra.

10. The cosmetic product of claim 4, further comprising a mirror and a recess in the cover containing and surrounding edges of the mirror.

11. The cosmetic product of claim 4, further comprising a recess in the base for removably holding a cosmetic applicator.

12. The cosmetic product of claim 4, wherein the base and the cover each have a portion of a fastener located thereon, the fastener for selectively securing the cover to the base.

13. The cosmetic product of claim 4, further including a snap having a first portion and a second portion, the first portion being partially embedded within the cover, and the second portion being partially embedded within the base.

14. The cosmetic product of claim 4, wherein the hinge is integrally formed with the base and the cover.

15. The cosmetic product of claim 4, wherein the hinge is constructed of a foam core covered at least partially by fabric.

17. A cosmetic product, comprising:
a base formed at least partially of foam;
a cover formed at least partially of foam;

a hinge connecting the base and the cover;

a material covering at least a portion of one of the base and the cover, the material being chosen from fabric, facsimile of fabric, animal skin, and imitation animal skin;

a plurality of recess in at least one of the base and the cover;

a mirror located in a first of the plurality of recesses, wherein foam edges of the first recess surround and contain the mirror;

a cosmetic composition contained in a second of the plurality of recesses, wherein foam edges of the second recess surround and contain the cosmetic composition; and

a fastener for selectively securing the cover in a closed position.

18. The cosmetic product of claim 17, wherein the cosmetic composition includes a cosmetic substance for application to an external portion of a body and a tray for holding the cosmetic material, and wherein the edges of the second recess surround and contain the tray.
